

RINK PROTECTION MATS

As we are in a period of more unsettled weather with occasional heavy rain showers, members are reminded that the rink protection mats must be deployed when the sign is up at the entrance to the green.

Even if the sign is not up members are asked to use their discretion should they find that the green is cutting up and you are making divots when bowling. If this is happening you should immediately put the protection mats down.

Green teams are also reminded to assess the playing surface each morning and to consult with your team leader or Norman if in doubt.

I'm sure you all agree that our green has been fabulously maintained by Norman and his team throughout the season to date, but it is the responsibility of all members to help keep it in tip-top condition as we draw closer to the culmination of the season and our finals weekend.

If in doubt, please put them down! - thank you for your co-operation.

Tony Burdin,
Club Secretary.
